EXPERIENCE

Full Sail University, HalfControl – FPS Midterm Project

Jun 2023 - Jul 2023 | Team Size: 6

Worked on interfaces and accessibility features to provide a tailored experience to the user. Created functionality that streamlines data storage for user settings. Established audio sources and fine-tuned settings. Developed functionality to display specific prompts depending on users' systems (Console vs. PC).

North Carolina State University, Eastern 4-H Camp – Summer Camp Counselor

Jun 2022 - Aug 2022 | Team Size: 30

Planned, coordinated, and executed activities while guiding campers in personal growth, daily living skills, and critical thinking.

TheBobs GamingNetwork – Full Stack Developer

Aug 2017 - May 2022 | Team Size: 25

Managed online services for players while curating player-focused updates biannually. Worked with PuTTY and WinSCP to maintain server upkeep. Handled various APIs/Plugins that provided users with easy-to-use accessibility features and statistical information.

EDUCATION

Full Sail University, Winter Park, FL – B.S. Game Development

August 2022 - June 2024

Developed skills in object-oriented programming languages. Worked on projects in varying team sizes where collaboration was key. Advanced group projects by implementing user experience features to provide a wider range of accessibility.

College of the Albemarle, Elizabeth City, NC – A.A.

August 2019 - June 2022

Enhanced critical thinking, problem-solving, and teamwork skills. Produced quality work within limited timeframes. Learned varying areas of expertise ranging from arts/music to business and communication.

Perquimans County High School, Hertford, NC – Diploma

August 2018 - June 2022

Worked as our school's Beta Club President and fostered connections throughout the community while planning events hosted by the club. Managed various AP Classes while also dual-enrolling as a College Student at our local college.
