EXPERIENCE

Full Sail University | July 2024 – Present

Game Development and Computer Science Bachelors Program

July 2024 - Current

Lab Specialist

- Discussed and facilitated various courses, including on-campus and online labs, using C++ and varying APIs. Engaged students with diverse learning strategies and provided constructive feedback to support their educational goals.
- Iterated hypothetical scenarios with students in whiteboard scenarios to showcase possible outcomes and encourage debugging practices.
- Created departmental course content for Online/Campus Labs/Lectures.

Game Development and Computer Science Bachelors Program

January 2024 – June 2024

Tutor

- Assisted students as a subject matter expert in various programming courses (coding basics to graphics programming).
- Developed reusable materials for fellow tutors enabling peer to peer assistance.

7th Gate Software | March 2026 – Present

Gateway Middleware Library

March 2026 – July 2026

Open-Source Developer

- Collaborated with project maintainers to propose, design, and develop the GNodeFactory library, contributing to backend architecture and feature implementation.
- Developed the initial sample repositories within GSamples, demonstrating usage of Gateway libraries including GConcurrent, GThreadShared, GLogic, and GDaemon.
- Created and tracked development work items, submitted merge requests, and incorporated maintainer feedback through iterative code reviews and testing.
- Participated in daily agile standups and weekly team meetings to communicate task progression, discuss project-wide development goals, and coordinate milestone completion.

Grimm Scythe Interactive

Unannounced Title

August 2025 – October 2025

Intern

- Developed dynamic UI systems for displaying and updating gameplay attribute types.
- Implemented the Combat HUD to manage and display player combat information.
- Collaborated with artists to prototype visuals for the project's minimum viable product.

EDUCATION

Full Sail University – *M.S. Computer Science*

Winter Park, Florida

July 2026

Full Sail University – *B.S. Game Development*

Winter Park, Florida

June 2024

College of the Albemarle – *Associate of Arts*

Elizabeth City, North Carolina

May 2022
